

Small but very strong metal high security case. 18 w x 18.5 L x 5.5" H

Glass on two sides – inner sloper removeable

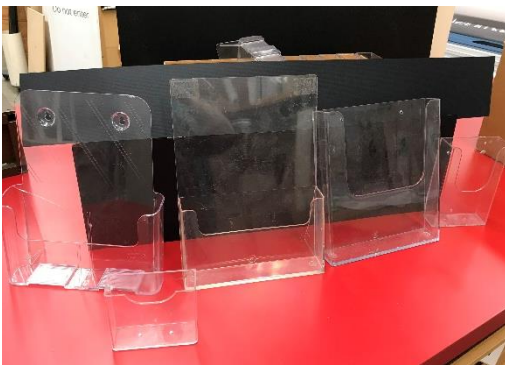

Screw holes on bottom flange to attach to a surface.

Odd shaped plinths; need weights or attachment to surface to keep in place.

Canvas wraps

Sizes in photo

Clear plastic document/brochure holders

13 various sizes, mostly large (letter sized)

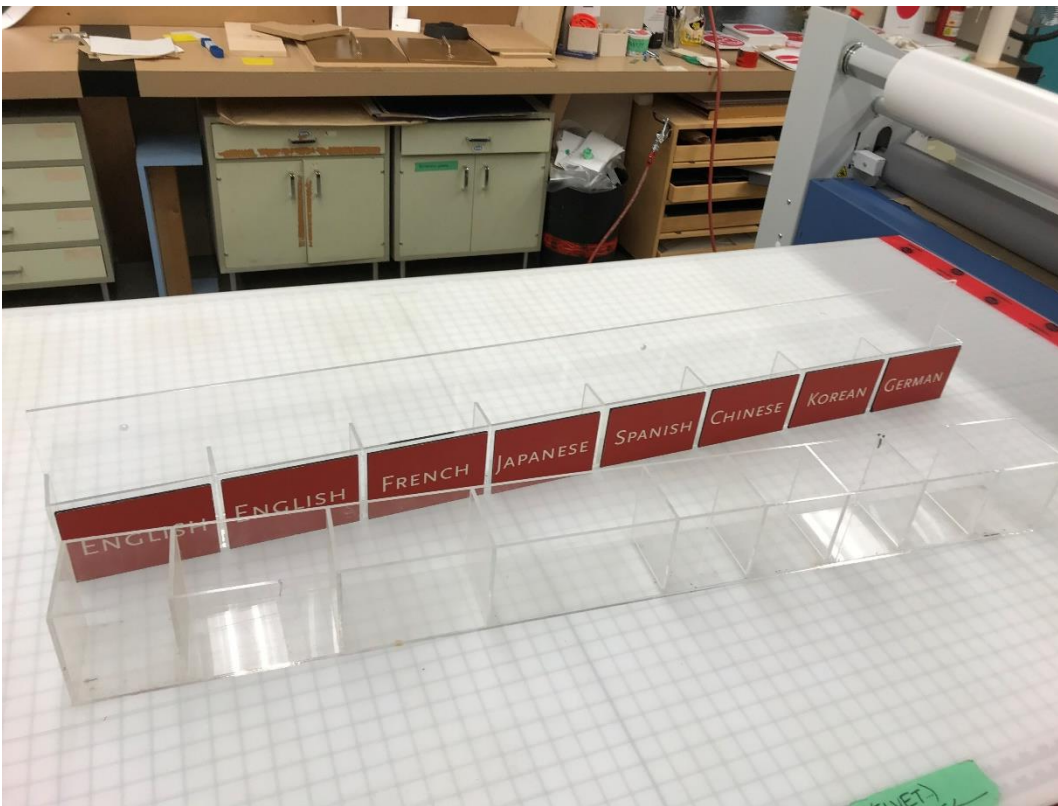

24 Label holders; black lacquered.

Some have embedded pins for placement on case wall

9 Powder coated metal railing or label slopers

13 1/8" high; 4" square plate; 4" diameter base

Hard to see, but these are acrylic brochure racks –

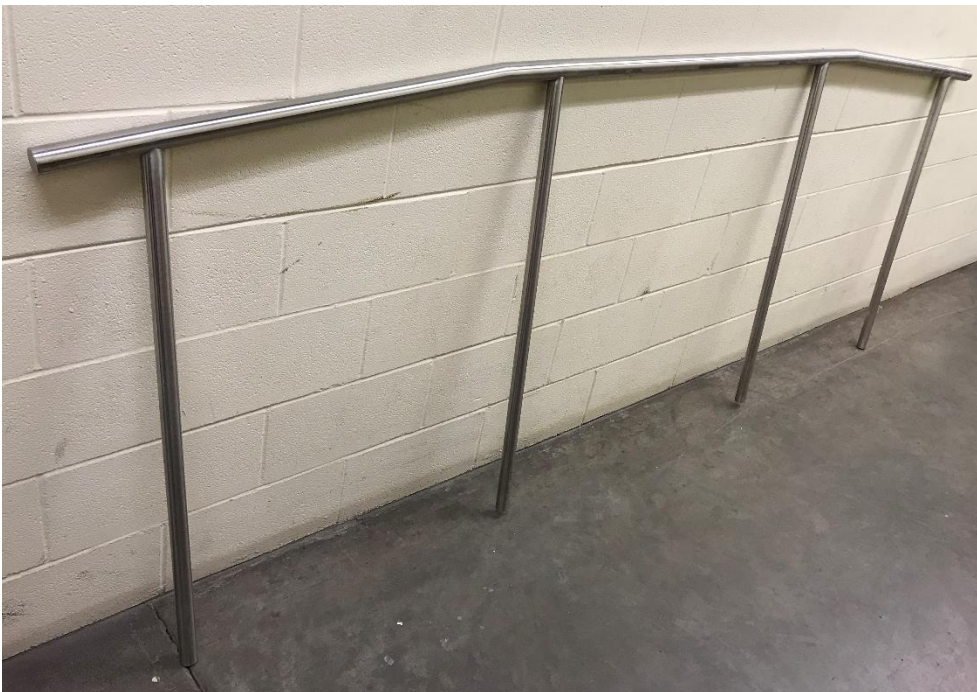

Back one: 51 11/16" long overall, each of the 8 slots are 6 1/4" wide;

Front one: 46 1/2" long; 9 slots 1 is 3 5/8" wide; 2 – 5 3/4"; 1 – 8 1/8"; 5 – 4 3/16"

Stainless steel railing with integral sloper panel bracket (backlit wiring).

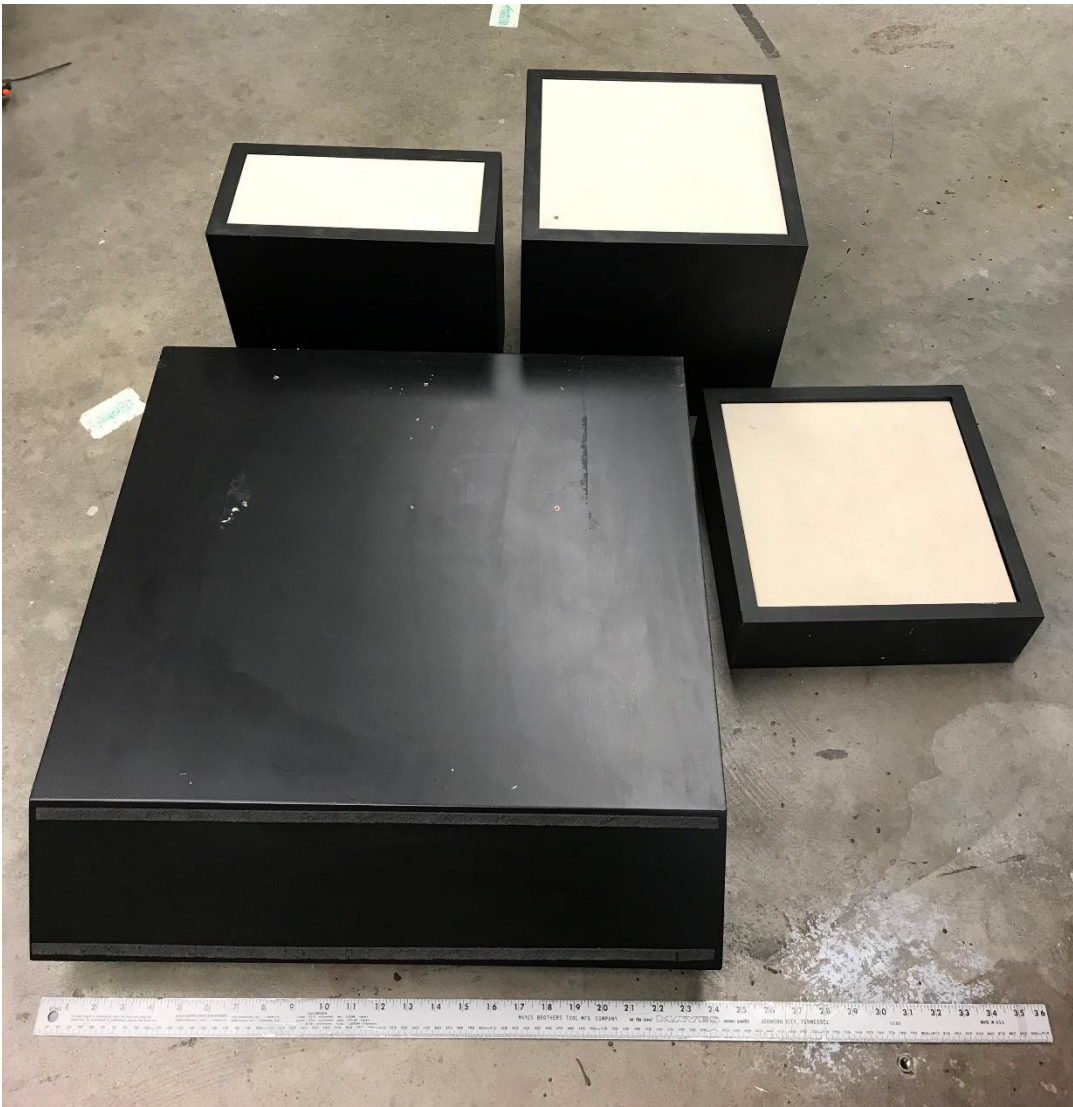

Two pieces fit together to make a 57 ¾" diameter circle; 32 ¾" tall.

Stainless steel railing:

~115" L; 43" H at tallest;

39 ¼" H at shortest

Heavy plinths with canvas inserts (could be rewrapped). Large plinth with sloped front for label.

Assorted mounts – mostly patinaed brass—mostly customized but could be altered? Shoe mounts, glove mounts? some jar mounts for a sloper, a few hat inserts, a few doll-type adjustable mounts etc etc.
