LEGO* Sets Sail at the Sidney Museum

Sidney, British Columbia, 21 December, 2021 - The Sidney Museum is thrilled to announce the return of the always popular LEGO Brick Exhibition. This annual favourite is always a big hit with guests of all ages and this year's exhibition is sure to carry on that tradition.

The exhibition will showcase hundreds of LEGO sets from the Museum's own collection, alongside several kits loaned from local collectors. There will be the classic kits you know and love as well as some exciting new additions. With kits ranging from fairy tale castles to 1960s pop culture icons, there promises to be something for everyone at the Museum.

To commemorate the one hundredth anniversary of the Anacortes Ferry the theme for the exhibition this year will be sea-faring vessels; so get ready for ferries, pirates and more! Additionally, visitors can participate in the yearly "Brick Count" contest and be entered to win a prize at the end of the exhibition.

Due to the COVID-19 pandemic several additional public health measures have been put in place at the Museum, including the mandatory wearing of masks for all guests ages five and older, reduced capacity and timed entry by reservation. Please see the Museum's website for more information on health and safety protocols.

Come learn about the history of this iconic toy, see the impressive constructions of local builders and enjoy this popular and playful display at the Sidney Museum.

The **Lego Exhibition** is being presented at Sidney Museum, 2423 Beacon Avenue L3, Sidney, BC from 2 January until 31 March, 2022. The Museum is open seven days a week from 10-4 with timed entry by donation. Procedures are subject to change based on public health recommendations. Please see the Sidney Museum's website to book your time now.
