Starting as a local, one-day fundraiser event, The Earring Show has grown each year, first accepting artists throughout North America and now accepting artists from around the world since 2021. The show has now adapted to the current world situation, transitioning to a virtual setting.

In 2022, The Earring Show will be a hybrid event, displaying earring submissions both at the CCBC Gallery in Vancouver and online. An opening event will be hosted virtually on May 5, 2022, where winners will be announced.
